PROFILE

"Shri Vishvakarma Industries" was incepted in the later sixties (1965) in the field of Flour mills & Emery Stones by Mr. B.M. Choyal and Mr. R.D. Sharma with the concept of revolution in this field.

It was the first time that Flour mills & Emery Stones were exported by us from India (1970) in the world market of competition with Danish Products. The unit was awarded "Certificate for Excellence in Export" year after year.

In 1977 the unit decided to incorporate the same as Private Limited Company, earlier SVIPL was in gestation of eleven years under the name of 'Shri Vishvakarma Industries' with the same Trade mark as  incorporated in the year 1978 under the name & style of "Shri Vishvakarma (Emery Stones) Industries Pvt. Ltd." Since then we have excellence both in Quality and Productivity.

UNSURPASSED MANUFACTURING FACILITIES

World class machinery and state of the art equipment help to achieve high productivity and effectively meet growing quality requirements of industries.

Front line technology, updated manufacturing processes and well trained human resource are major factors that result in superior products made to meet international standards in design & performance.

- Automatic Moulding shop to produce emery stones
- Measurement and inspection facilities equipped with precision machines
- Material testing Laboratory with latest facilities
- Experienced design & development facilities
- Advanced and sophisticated Tool Room
- Up-to-date painting facilities

QUALITY

While SVIPL builds robust machines to exacting specification, SVIPL's sophisticated quality assurance facilities ensure products that are highly reliable and dependable. All the SVIPL manufacturing units are ISO 9001:2008 accredited.

Immaculate attention to details, continuous Quality checks at process lines and performance tests of end products all add up to placing SVIPL among the best in the world.

QUALITY CONTROL

We consider the quality as key of our success. SVIPL have stringent quality control to see raw material uniformity, accuracy and finishing etc. Each and every Flour mill & Emery Mill Stone is well-tested before the final delivery. However the best quality is self imposed stringent check at every stage which is a practice on shop floor of SVIPL. Raw material of optimum quality from reputed vendors like Bearing from SKF Ltd., Steel from Tata Ltd., Paints from Nerolac are used. We control the quality on the basis of following parameters:

- Quality of Raw Material
- Quality of Production Method
- Quality of Machines
- Quality of Work Force
- Quality of Working Conditions
- Quality of Infrastructure

ERGONOMICS

Our strong infrastructure, complete in-house manufacturing process coupled with skilled team of experts enable us to bring out very high quality products. Our biggest strength is our people. We let them take initiative and prize their expertise.

Our dedicated team members care about the quality of their work. Our people, like our products, are highly reliable. We are committed to the job done right every time.

INNOVATIONS

Innovations & Development of Techno Savvy Products is our continuous process.

- Wonder Mill, Wonder Miller, Automatic Stone Chipping Machine, Packing & Batching Solutions, 1200 MM Sheller and different variants of 750 MM Horizontal Mill.

RESEARCH & DEVELOPMENT:

Research & Development is the essence of any successful organization and our company gives it the highest priority & consideration. R&D being the most important and beneficial activity in improvement of existing product range as well as development of new products. SVIPL operates from a well-equipped Machine shop, Fabrication & Moulding Shop. With modern methods of quality management and rich experienced hands of technocrats SVIPL is competent to handle any challenge.

NETWORK

SVIPL has developed well established Authorized dealers sales network throughout the country i.e. Madhya Pradesh, Gujarat, Maharashtra, Delhi, Orissa, Tamil Nadu, Uttar Pradesh etc.

CUSTOMERS ACROSS THE SEAS

Globally renowned as the leading Indian source for Flourmills and Emery Stones, SVIPL meets the requirements of many quality conscious global market exporting Flour Mills & Emery Stones in more than 20 countries i.e., Middle East & Gulf Countries since many decades and became a pioneer in the world of Flour Mills & Emery Stones.

Till date, over thousands of Flour mills and Emery stones are rolled out of SVIPL many countries/ regions across the world, where they continue to perform the best satisfaction of users.

CHOYAL'S Goodwill is not only flourishing at home but at Global Market also for excellent quality products that is why SVIPL deserves following slogans:

- Mile Stone in Millstone.
- A name Par Excellence in the World of Flour Mills.
- Internationally acknowledged to be the Best Quality Flour Mills & Emery Stones.

PRODUCTS

We are manufacturers & Exporters of Grain Milling Equipments & Grinding Solutions.

For detail of our product range you are requested to please visit our website: www.choyal.com

TURNKEY SOLUTIONS

Turnkey refers to a product that is designed, supplied, built or installed complete and ready to operate, where the end user just has to TURN a KEY and start using the product. It is a solution where success is measured by the ability to complete projects within specified time period and budgets.

We CHOYAL's are in - depth specialization in undertaking Turnkey Solution for setting up of DCS Plants (Atta, Besan, Spice, Daliya and other milling plant) starting from concept designing to successful trial but also involved in complete consultancy for Flour Milling technological matters.

In our Turnkey Solution from bottom to top which means complete supply, installation and maintenance of the equipments including civil drawing, mechanical drawings and engineering will be done.
